

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every global trade. Transporting industrial goods happens each day on our busy world. Originally innovated as industrial vehicles in the 1930s in the U.S., forklifts gained recognition following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these equipment spread worldwide.

Initially established as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM forklifts have become a global leader in lift truck manufacturing and have built a solid reputation with the trade. TCM started building forklift manufacturing locations outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes numerous models of industrial trucks with over 50 years of accumulated technology and expertise, making their products recognized and used all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
